

## Holland's Bright Spots

Tulip Time is a great time for Holland residents to share their proud Dutch heritage. One important part of our history is our use of wind energy—as evidenced by our beautiful De Zwaan windmill which is featured on Windmill Island.

Some residents in the greater Holland area are “tipping their hats to the past” while embracing the future by utilizing clean energy technologies (including wind) in both residential and commercial applications.

This is a guide to some of the bright spots in our community where you can see the use of wind and solar electricity generation, as well as geothermal heat management, efficient lighting applications, the first LEED Gold certified hotel in the Midwest and an exclusively green products store.

We hope that you will enjoy all that Tulip Time has to offer and that you will have an opportunity to visit some or all of our community's bright spots and experience for yourself our vision of a sustainable energy future!

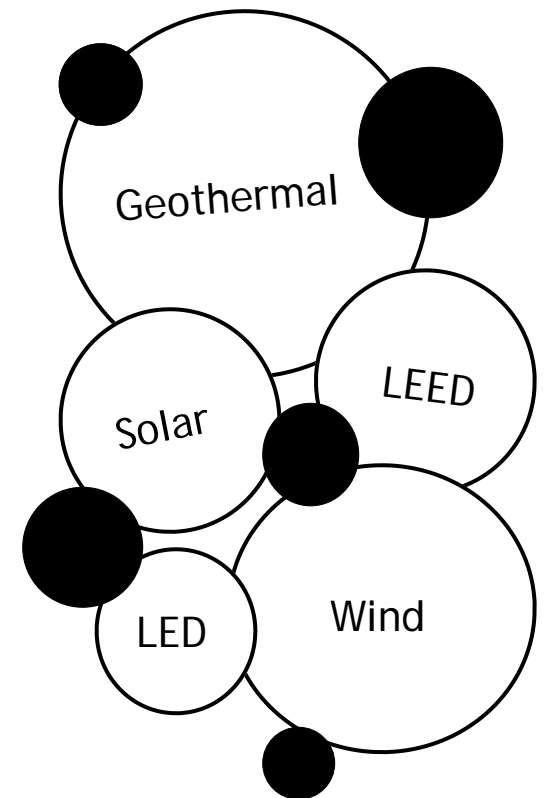

*Holland's Bright Spots was developed and distributed by Holland WEST, a non-profit community group that educates and advocates for a sustainable energy future for the greater Macatawa area.*

*For more information about Holland WEST, please visit our website at:*

# Visit HOLLAND'S BRIGHT SPOTS

# Visit Holland's Bright Spots...

## Holland Civic Center, 150 West 8th Street

Drop by any time to see Holland Board of Public Works' two demonstration wind turbines.

①

## Boatwerks Waterfront Restaurant

216 Van Raalte Avenue

Custom geothermal system utilizing heat exchangers placed in beautiful Lake Macatawa—great food and a great story! Call (616) 396-0600 for hours.

②

## Moynihan Gallery & Framing, 28 East 8th Street

Browse the gallery to see efficient LED lighting enhancing product displays while providing cost savings. Call (616) 394-0093 for business hours.

③

## Lemonjello's Coffee, 61 East 9th Street

Unique local hot spot—check out their efficient LED lighting while sipping on a cup of fair trade coffee. Call (616) 928-0699 for business hours.

④

## CityFlats Hotel, CityVu Bistro, CitySen Lounge and CityBru Coffee, 61 West 7th Street

The first LEED Gold Certified hotel in the Midwest. Stop by to visit the great restaurant, lounge and coffee bar as well. Call (616) 796-2100 for hours.

⑤

## Solar Century Showroom, 486 Century Lane

A unique store specializing in solar, wind and renewable energy products. Open Saturday from 1pm to 6pm or call (269) 236-6179 for more information.

⑥

## Earl's Meats, 5685 143rd Avenue

See this family owned business that utilizes solar hot water and a wind turbine for daily operations. Call (616) 392-6392 for business hours.

⑦

## Helder Park, 10425 Quincy Street

Drop by anytime to see the Zeeland Board of Public Works' two 50-kilowatt wind turbines supply power to residents.

⑧

## Solar Arrays Installed by Hunter Energy Resources

16004 & 16049 Van Buren Street

Call (616) 836-5257 to schedule a tour of two privately owned solar electric systems—regular people making money by selling energy to the power company!
